A note to members. All events are subject to change - This is a comprehensive list of what the clubs plans are for the year, however with fuel costs /availability and weather events that are beyond our control, these events will be revised as the year progresses. We have aimed to provide runs that give our members LOCAL locations with BYO options. All parks we have chosen have toilets and BBQs etc and good access to vehicles.
Short notes on the route for each event have been supplied - these are subject to change on the day pending road conditions.

Please RSVP as per usual via our website link here . https://www.tvvrc.org.au/contact-1
Wes mobile is 0406 061 264 if you need any further info.
